THE PUZZLED PARENT

The book agent has made the Puzzled Parent feel that he was just neglecting his children cruelly if he didn't buy a certain set of books for them, but how is he to know if they are of any real value?

The Consoling Counselor says, "The Parent-Teacher association can tell you where to get information about these sets for they are all listed and evaluated by reliable organizations."

Original Paintings Exhibited At Woman's Club

An exhibit of original paintings by Margaret Selleck of Des Plaines, was shown at the Arlington Heights Woman's club meeting on March 16, at the Methodist church. Mrs. Selleck's paintings were taken from historical and picturesque places in Wisconsin. Her lecture consisted of comments and descriptions of her subject matter of each painting. This proved to be the history of the state of Wisconsin. This exhibit included two pictures of the oldest house in Wisconsin and as far as Mrs. Selleck can find out, it is the oldest house in the middle west. Her talk proved to be the history of the state of Wisconsin, and with the charm of her paintings made a most interesting program. Mrs. Selleck wore a costume that had been inherited by the third family to live in this oldest house. The dress originally was worn at the court functions of Holland.

Coffee and cake were served by the hostess committee.

Birthday Celebration

Margaret Harris had a real surprise March 11, when a group of her friends went to her home and made a party to celebrate her birthday anniversary, due March 12. After the excitement of surprise was over, everyone enjoyed the happy birthday. Saturday Miss Margaret had calls and congratulations from relatives, among them her grandmother, Mrs. Rexes and daughter from Des Plaines.

Mrs. Mary Hefferen had a surprise Wednesday evening when the members of the V. F. W. Auxiliary came to celebrate her birthday. Refreshments, games and many good wishes made the party a success. Saturday, March 17, being her birthday date, her family and friends gathered around and helped make it a day to make pleasant memories as the days go by. Among those who attended were Mrs. Pavel and Miss Katz, daughters of Mrs. Wm. Hefferen, who during her life, always joined in the party. In the evening Mr. and Mrs. Wm. Hefferen joined in making it the end of a perfect day.

March 17 was the date of a regular party when twenty-seven relatives rallied in the home of the Andrew Horcher, N. State road, to celebrate Mrs. Horcher's birthday and congratulate Mr. Horcher, as his birthday was the 18th. There were gifts for happy remembrance, refreshments and games to add merry cheer to the event. A happy company of brothers, sisters and kind-folks met together to enjoy a reunion which will serve to make stronger the tie that binds them together in sacred memories and hopes for the years ahead. When the time for parting came, everyone joined in wishing Mr. and Mrs. Andrew Horcher many happy returns in the future.

It was the first time in their lives they weren't told it was time for bed. So they took advantage of it by making their beds the fifth and last time at two in the morning. Then to sleep to forget the ghost stories, the singing and the pillow fighting. Everyone vowed they were going to have a slumber party as soon as they could find enough beds. So watch out mothers.

Palmer's Return From Mexico City

Find Mexico A Beautiful Country In 7,100 Mile Trip

Mr. and Mrs. Robert Palmer of Arlington Heights, returned last week from an interesting and beautiful five week motor tour of Mexico.

The Palmers made Mexico City their headquarters during their visit and each day made trips to the various points of interest with the company of a Spanish guide. They enjoyed a two day trip to the Southern tropical part of Mexico, visiting the city of Orizaba, where they saw gardenias and orchids growing in profusion. This is the banana and sugar cane country. They also visited Cuernavaca, viewing the Palace of Cortez and seeing the beautiful murals and frescos painted by Rivera, which were presented to Mexico by the late Ambassador Dwight L. Morrow, at a cost of 20,000 pesos. Taxco is quite an artist's colony, and city where so much hand wrought silver is made. A beautiful cathedral is located here, the gift of the Silver King.

At Pueblo the Palmers viewed the ruins of the many churches built by the catholics, one for each day in the year. Some of the beautiful paintings done on velvet, by the Indians are to be exhibited at the Worlds Fair in New York.

One of the loveliest trips taken was a short way from Mexico City where they went to view the Floating Gardens and to purchase beautiful flowers from the native Indians. They are sold by boat as one approaches the Island.

At Toluca, the basket center, it was interesting to barter with the Indians for their wares. Near Guadalupe they visited the Pyramids. In Mexico City they attended a bull fight where they witnessed eight fighters kill eight bulls. Mrs. Palmer did not speak of this as any pleasure, but the crowds were so dense that once in the park, there was no escaping. The shops in Mexico City are very modern and the city is as modern as ours.

The roads and weather were excellent and the Palmers can not speak too highly of Mexico as an ideal vacation spot. They covered 7,000 miles in their journey and found not only the climate ideal, but the people of Mexico most gracious to tourists.

Mrs. Banta was hostess to her bridge club for dessert and cards Tuesday afternoon.

Mrs. John C. Pfingsten and son, John Edward, came home Monday from the Evanston hospital where he was born, March 10.

Mr. and Mrs. Robert Palmer, W. Mueller street, went to the city Monday. Their uncle and aunt, who have been spending several weeks here, returned to their home in the city.

Mr. and Mrs. George Elliot of Oak Park were dinner guests at the home of their parents, Mr. and Mrs. F. Elliot, Saturday evening.

CAMPFIRE GIRLS

The regular meeting of the campfire girls was held Friday evening at the home of Estelle Hicky at 7 o'clock. Plans and arrangements were made for the council fire which will be held Wednesday evening at the home of Mrs. John Beatty, 400 East Euclid.

Mr. Henry McElhose writes home folks he and his wife have been enjoying a visit with Mr. and Mrs. L. B. Wayman in Alamo, Texas. Mr. and Mrs. E. Bickford of N. Dunton avenue enjoyed a visit

Sunday with his father and mother and brother from Sycamore.

Mr. and Mrs. Wm. Naggatz are planning to move from the Reese house, corner Evergreen and Freedom to No. 510 No. Evergreen avenue first of April.

Mr. Jas. Jirak, Kensington road, has been busy for sometime, building a house down Mt. Prospect way. He has finished the house and the new owner, Mr. Lamb and family are now living in their new home and happy to get into the open space.

Miss Walk of the South school,

was called to Hunt, Ill. recently by the death of her grandfather. She attended the funeral.

Mr. and Mrs. Arthur Bray have moved into the family home, N. Highland avenue with his sister, Miss Elizabeth, who continues teaching in Wheeling school.

Mrs. Edw. Wahl went to Chicago Tuesday to visit her daughter-in-law, Mrs. Edw. Wahl, Jr., who is in a hospital for surgical care.

Mrs. B. B. Dibley from Evanston, called on old friends here last week Friday. Mr. Dibley was station agent here several years ago.

Mr. and Mrs. Charles Rhodes and son of Burlington, Wis., were guests at the Guy Baxter home Sunday.

Last week Wednesday, Mr. and Mrs. Andrew Horcher and family went to Chicago to join in celebrating the ninth anniversary of the marriage of Mr. and Mrs. Ervin Horcher. A happy family gathering in which the four grandchildren helped make a merry party.

Mr. and Mrs. Louis Kamps will move April 1 to their property, 407 N. Hadow avenue. Their apartment has been rented to Mr. and Mrs. H. Miller. Mr. and Mrs. Edw. Wahl will share the Kamps new residence and Edward Wahl and wife will move to their parent's property, No. Highland avenue.

Miss Isabelle Horcher, who was nurse and companion to Mr. and Mrs. Thomas Gray during their long illness, is now at home, N. State road, taking a vacation for a time.

Mrs. Arthur McElhose has been in the Sherman hospital during the past two weeks, caring for her niece, Carol, who had an operation, March 14, and afterward developed measles and required special care which her aunt has been giving her during the critical time. Carol is improving in health.

Mrs. John Miller spent last week Thursday with her son and family in Lowell, Ind.

Mrs. Chas. Peterson's sister, Mrs. Sarah Kampert-Brandt, died last week in Barrington after a short illness. She was one of thirteen daughters and the first to leave this earth, leaving many who will miss her happy, helpful companionship. Her daughter, Mae, was on the way home from a two weeks happy vacation with Miss Marion Peterson and did not know of her loss until they reached Chicago after many delays on the road. Mrs. Peterson and family have the deep sympathy in this separation from this sister, who was always her mate, all through the years that have passed.

Baby Bonds Popular With Local People

Government Releases Figures Of Sales During 1937

* Baby bonds are popular with local investors according to figures of bond sales that the post office department has released for publication. During 1937 the sales at Arlington Heights totaled nearly \$25,000 and over \$7,000 at Palatine. Barrington reports \$22,000.

All postoffices are not authorized to sell the U. S. Savings Bonds. Secretary of the Treasury Morgenthau has announced that the total maturity value of United States Savings Bonds sold through the close of business March 7, 1938, amounted to \$1,584,462,875. This total was purchased by more than 1,260,000 investors and represents an average sale for each business day since March 1, 1935, when these bonds were first sold, of \$1,720,375.

A record for one day's sale of Savings Bonds was set on Monday, January 10, of this year, when \$10,029,775, maturity value, of these bonds were reported sold on this single day.

Detailed analysis of the daily sale at each of the post offices throughout the country authorized to sell Savings Bonds was begun on September 1, 1936, and for the year ending August 31, 1937, showed that there was a maturity value sale of \$636,748,500, or an average sale of \$2,104,500, for each business day for the first year these records were kept.

The following table shows for this period of one year the cash sales of several villages of second class post offices:

	Total Sales
Arlington Heights	\$24,937.50
Barrington	22,500.00
Glenview	9,281.25
Libertyville	41,943.75
Niles Center	14,268.75
Palatine	7,087.50
Park Ridge	70,650.00

Direct-by-mail and post office sales from Chicago, Illinois, give that city the lead for the Nation. Chicago's cash sale for the period was \$25,577,200.

Approximately 16,000 post offices throughout the country are authorized to sell United States Savings Bonds.

The Government to date actually retains more than 92% of all of the money that has been invested in Savings Bonds, less than 8% of the bonds sold having been redeemed.

The majority of the registered owners are small investors who are buying the bonds out of income. Purchases by individuals represent approximately 85% of the amount of bonds sold. Of the remaining 15%, 9% was purchased by banks

and trust companies, 3% by corporations, and approximately 3% by associations.

The \$100 bond unit is the most popular denomination and has accounted for 30.38% of the number of the bonds sold. The \$25 unit ranks next with 23.71% of sales. The \$50 unit is next with a sale of 18.49%. The \$1,000 unit follows with 18.19%; while the \$500 unit accounts for 9.23%.

It Happened Here

We would write about snow storms and get excited over ice-coated trees and then have Spring come and lay a warm hand on our shoulder saying, Listen—so we did, to the thrilling clamor of wild geese flying over in a windy dawn, the amiable squabbling of sparrows busy with straws, rhythmic beating of wings, the clear whistle of the cardinal, wheat; wheat! the mourning dove being deliciously mournful, the lustily crowing cock leading his flock across the road into a brave new world, clothes flapping a circus act on the line and the downy woodpecker tapping dreamily at the flicker's hole in the old apple tree; downy loves to investigate that hole and his tap-tap-tapping seems merely to announce his presence and say howdy! The old apple tree entertains a motley company—last evening the great long-eared owl chose it as a suitable hostelry for a gentleman of retiring and somewhat morose disposition; disturbed, he took a splendid wing-spread and sailed off over the barn under a moth-white moon. . . . So spring came calling and the sky was a robin's egg blue with puffs of flocculent clouds going places. . . .

"Green Spring receiveth
The vacant earth;
The white sun shineth;
Spring wind provoketh
To burst and burgeon
Each sprout and flower."

No, chausser didn't write it, but the Chinese poet who did (5th century, B. C.) could have gone pilgrimages with him, very companionably. . . . Just here a saucy blackbird, the one helping the maid with the flapping clothes, took a vicious dart our way and wanted to know what about all these homeless tin cans and open garbage pits and mounds of refuse—ever see them? Well, we said, modestly, we just manage to look sort of slouchwise, like this, and refuse to see anything that is a blot on our fair village we only hope that our honorable Mayor and Mr. and Mrs. Citizen can look the same way (only much handsomer) and enjoy the coming of spring, tra-la! with no esthetic qualms—as for us, we are voting for the old philosopher: "There is no dust or clutter in the courtyard before my house. My private rooms are quiet, and calm with the leisure of moonlight through an open door."

Moving Pictures Of 'Crippled' Boy Frees Farmer In Law Suit

This past week the Cook County Farmers Mutual Insurance Company successfully defended one of its members, Fred Helm, of Elmwood Park, in a \$25,000.00 law suit for alleged personal injuries sustained by a little boy who ran into the path of the farmer's truck on Grand avenue near Western, while it was being driven down to the market back in 1934.

It was claimed by the boy's doctors, his mother and the boy himself that due to the injuries, allegedly sustained, he was unable to use his leg like other normal children and that it was permanently injured.

During the course of the trial evidence was given in behalf of the boy to the effect that he could not play baseball or other games enjoyed by children of his age.

Toward the completion of the trial the defendant, through his attorneys, after first obtaining permission from Judge Borders of the Circuit Court of Cook county, exhibited moving pictures of the boy and his ability to play these games like other children.

This unusual demonstration of moving pictures, which destroyed the verbal statements offered in support of the plaintiff, permitted

the jury to return its verdict in less than ten minutes in favor of the farmer, completely exonerating him.

One of the largest and most en-

thusiastic crowds of the year wit-

nessed the finals of the interclass

basketball tournament at Arlington

last Friday night. Held at night

for the first time, it more than jus-

tified the experiment of officially

ushering out basketball for the

1937-38 season with these final

games, at night, for the attraction.

The gathering was highly partisan

and the good number of parents

present enthusiastically sided in

with the various classes in cheering

for their favorite teams.

The Sophomores climaxed their

week's play by nosing out the Jun-

iors in the final game and thereby

winning the inter-class champion-

ship. The Sophs did not appear to

have the best sound, yet mainly by

sheer determination coupled with

the smartest playing of the four

teams, they managed to get

through the week with their three

victories.

The high point of their play was

their 22-10 victory over the Sen-

iors last Thursday afternoon. In

this game they clearly dominated

their older brethren and smothered

practically every attempt the Sen-

iors made to score.

In their final game with the Jun-

iors Friday night they controlled

the ball well and waited nicely for

their opportunities to score. George

Milligan captained the team and did

an excellent job of organizing and

running his squad.

Bill Hull and Kenny Koelling

made a sweet pair of guards. Koel-

ling is clever—very clever. A little

more size and a year from now he

may be one of Arlington's best. Hull

is a little crude in spots on his fun-

damentals, but is a driver and by his

quick reactions, is an excellent man

to cover a hot shot,—witness his

pretty good job of guarding Mayer-

erck in the final game. Rolfe

Koenig, Henken, Haake, D. Folk-

man and Kehe, rounded out their

squad and at times supplied the

punch necessary. Koenig particu-

larly proved himself to be a good

man in the clutch Friday. Henken

and Kehe, too, have come a long

way this year.

For the Juniors it was mainly

Mayerck. He led the scoring for

the tournament and had he not been

so well covered by the Sophs, he

would have added considerably

more to his total. Like the last

few heavyweight games when he

finally found out how to play first

team ball, he is proving to be a boy

mighty hard to keep away from the

basket. Phillip, V. Folkman

and Bartlett were the mainstays

along with him.

The Frosh were the favorite

team of the tournament. While not

quite smart enough to win a single

game, they were a constant threat

and captured the eye of all those

who saw them play. Had their best

five of Schulenberg, Ed. Mueller,

Heinz, Hauptly and Dick Busse,

with perhaps Zoellner been able to

play entire games they would prob-

ably have won from the Juniors and

Seniors. In the Senior game particu-

larly had they known enough

not to bang away at the basket

when ahead in the closing seconds

they would have won. As it was

they relinquished the ball just long

enough to permit Chidley to sink

a bucket just as the game ended

to throw it into an overtime.

In the overtime Paul Carroll

promptly chucked in a two-pointer

and the Seniors were in front for

keeps. The Seniors were very, very

lucky to win. The Frosh really out-

played them by a good margin, but

hurried their shot too much and

played entirely too fast. The sec-

ond half wound up 29-29. The Sen-

iors counted four points to none for

the Frosh in the extra period. Gris-

mer, erstwhile captain of the Card-

inals, laid up six baskets in the first

half for his largest total of the

tourney. Bud Chidley was in the

thick of every game and contribut-

ed several timely baskets in each.

The six Frosh mentioned before

plus a few others, in addition to the

Sophs and Juniors, uncovered this

year, give much promise for high

calibered Cardinal squads. Only

one thing will keep these promis-

ing lads from making Arlington

teams for the next several years

just about the best they've had. This

is the question of eligibility. A

couple are ineligible now and a few

others are on the ragged edge. It

isn't a question of inability for

most of them are plenty smart. In-

difference, laziness and lack of

pride in well done school work may

keep several of these boys from be-

coming stellar performers for Ar-

lington in the future.

There is no question in the minds

of the spectators last Friday that

they saw the best crop of young

basketball players in Arlington. It

had in a long time. Evidently what

may be next years team, if they are

all eligible, have just what this

years and lasts needed to be con-

sistent winners. Courage, first,

then skill and basket getting abil-

ity.

THIRD GRADE—NORTH
We have been writing poems and stories about health. This is one of the ones we liked best:

Our Health
Miss Jackson, the school nurse,
came into our room last Tuesday
morning to talk to us about health.

Some of the things she said were, "We should have at least nine hours of sleep every night. Ten hours of sleep would be better." "We should eat at least one green vegetable every day." "In order to have strong teeth, we should not drink tea or coffee, but milk at every meal." We have made up our minds to make health posters.

Also, we have decided to make A Garden of Health Habits. We think we are doing very well.

Dawn E. Lama.

NATIONAL RESTORATION WEEK

This week is National Restoration Week. People are trying to persuade hunters not to shoot and kill wild animals just for sport. Hunters are permitted to kill them if it is necessary to use them as food. In the last few years people have been going up to the North Woods and killing animals for sport.

This is a week used to prevent further killing. Our government

is trying to make a law to protect the animals.

A few years ago, Canada gave Pennsylvania ninety-four beavers and Wisconsin also gave them some. Pennsylvania then made a law against killing them. Today, Pennsylvania has hundreds of beavers.

Now, laws are trying to be made all over North America to protect the animals. "Please be kind to our nature friends."

Charles Hardtke,
Fourth Grade, North School

HOBBY CLUB

Alice Burke was elected president of the sixth grade hobby club. Buddy Hoffman is vice president; Billy Freymuth, secretary; Billy Griffith, sergeant-at-arms. The first meeting was held Wednesday, Mar. 16. The purposes of the club are:

1. To do something constructive during study period.
2. To interest the pupils in a hobby.

Joycelyn Peterson,
Sixth Grade, North School.

FIRST GRADE— SOUTH

Co-operative group story: "We heard a meadow lark singing this morning at recess time. He sang a pretty song. His nest is on the ground in the deep grass." The first grade has been learning about books. This is a boat story the group wrote:

A Boat Story
Tom went on a big boat. There was a steward and a cook on the boat. Tom slept in the stateroom in the lower berth. Tom wrote a letter to his father. Tom had a good time on the boat.

THE SECOND GRADE BOOKS

The second grade in the south side school have new books. Their books are about a girl and a boy. Their names are Alice and Jerry.

There are some other boys in the village.

The village that Alice and Jerry live in is called Friendly Village.

Carol Engel.

A SURPRISE

Today when we were out for recess a Cecropia moth came out of a cocoon. We had it on a stick in a flower pot. The moth is very, very pretty. It has a fat and velvety body like a king's coat. Its feelers are like feathers.

Harold Stacy Brown,
Third Grade, South School.

A PUPPET SHOW

We are making a puppet show of Hansel and Gretel. We chose the children in our room whom we thought would do it best. Lloyd Baldwin will be Hansel; Laurel Lawbaugh will be Gretel; Jimmy Barrett, the father; Shirley Blackburn, the mother; Alberta Hines, the witch; Brian Crumlish, the sandman; and Gloria Henken, the dew fairy.

Shirley Blackburn,
Fourth Grade, South School.

WILD LIFE WEEK

Our Weekly Reader told us that next week, March 20-27, is National Wild Life week. I know we all like to hunt, but the wild life is dying out.

We like to hear the bluebird and the robin sing in the morning when we get up. So don't hunt, save the wild life.

Geraldine Williams,
Grade Five, South School.

A RIDDLE

This country is very beautiful.

Mary Jane Suerth,
Sixth Grade, South School.

FIRST GRADE—NORTH

The first grade is reading about farms.

The children painted some farm pictures.

Norma brought some baby chickens.

There are lettuce, radishes, spinach, onions, beans, and marigolds planted in the greenhouse.

The lettuce and radishes have come up.

The children water the plants every day.

Taylor Lewis entered first grade this week.

Now there are thirty-seven children.

SECOND GRADE—NORTH

The second grade have been studying about bears. Here are some of the stories the children wrote about them:

Black Bears
Black bears like to climb trees. Bears like honey, too. They have black fur.

Jacquelyn Lingren.

Polar Bears
Polar bears live where it is cold. They go swimming. The Polar Bears are very strong. They look for food. A Polar bear cannot find many green things. The fur of a Polar bear is like snow.

Joan Dodge.

is trying to make a law to protect the animals.

Greater Than 'Great Ziegfeld'

Nelson Eddy and Eleanor Powell are co-starred for the first time in the super-lavish musical, "Rosalie," which comes to the Arlington Theatre Sunday and Monday for a two-day engagement.

The musical also includes such favorites as Frank Morgan, Edna May Oliver, Ray Bolger, the new European sensation, Ilona Massey, Billy Gilbert and Reginald Owen in a story that concerns the love and

adventures of a West Point cadet and a Princess of mythical Romania.

In order to bring new beauties to the screen, William Anthony McGuire, co-author of the original story and writer of the screen play, sent talent scouts over the principal colleges of the United States before he cast the 500 beauties in their respective dancing and showgirl roles.

Directed by W. S. Van Dyke II, the new musical includes nine hit tunes by Cole Porter, while Madame Albertina Rasch presents ballet, tap, acrobatic and waltz ensembles.

It has narrow fiords. Its mountains rise steeply from the end of a fjord. It is the leading seaport of that country. It is also the largest city in Norway. What city is this?

Answer: Oslo.

Your Important Decision

"Will You Make It After Careful Consideration?"

Buying a Memorial Estate in pre-need time is the most pleasant duty to perform in every person's life time.

Isn't it just good sense to get all the particulars pertaining to such sacred and eternal homestead, which you buy only once?

It stands to reason you can't know the value in beauty, reliability, permanence in care, courteous attention at all times, for you are not in the cemetery business. Investigate. A visit to beautiful Randhill Park will convince you.

Important features give everlasting beauty to the Park and great economy to the lot owners.

Come over, enjoy seeing the colonnade singing Memorial Tower that holds art, beauty and elegance. It serves eternity, dreams of memory in their sleep eternal,

and is typical of the glories of earth and sky, the first of its kind in the world.

If you are proud of America, you will be thrilled with this artistic structure and its surroundings.

It took many years to assemble all the materials and the artists to do the sculpturing and artist carvers to do the carving. Your visit will be very profitable. Our President, Mr. M. F. Wittelle is at the grounds every day. He is very proud of the achievements in the way of improvements and will be more than pleased to explain in detail everything you see, also his program of development for the future.

Please accept this as a standing invitation.

Mr. M. F. Wittelle will show you how to take guessing out of buying.
